HISTORICAL SOCIETY HEARS HELPFUL SUGGESTIONS AT JAN. 4 MEETING

Many helpful suggestions were made, as well as an offer of continued counseling in planning the Historical Society Museum in the Dr. Moses Mason House, when Marjorie B. Peladeau spoke to the members on Jan. 4.

Mr. Peladeau, Community Project Coordinator, for the Maine League of Historical Societies, is very well informed about museum operation, its publicizing, also the way to go about selecting suitable decoration and furnishings.

He toured the house, now under going restoration, in company with President Edward Quinn, and Chairman of the Board, Elizabeth Carter, prior to a dinner at the Spa Restaurant, where he was the guest of the Trustees, thus affording them an opportunity, to informally discuss this project.

He emphasized the importance of retaining as much detail of the original house, as possible, for example, door latches, also perhaps using pieces of the wallpaper, uncovered, in process of work, as covering for fireplace boards. He reminded members that white lead was not "discovered" until 1837, many years after this house was built in 1613-1813, and therefore the origin-

al paint was likely to have been the usual paints, often dyed with berry juice, and materials from nature. Colors were often a grey, or mustard color. White paint did not become common, and then may be used only in one room of a wealthy person's house, in much later years.

He urged that furnishing the rooms be undertaken slowly, with selection of furniture and accessories made carefully "better to have rooms not very full, and incomplete than crowded with unsuitable things". He suggested that in arranging the rooms, effort be made to make them look still lived in—the gown laid upon the bed, spectacles on book, etc. He stressed the need not to bring things into town, or copy museums elsewhere, but to make it uniquely Bethel.

COMMUNITY CHORUS TO REHEARSE AT GOULD NEXT TUESDAY EVENING

For this coming week only the time and place of the Bethel Community Chorus rehearsal has been changed. The group will meet from 7 to 9 p.m. Tuesday, Jan. 23, at the Gould Academy Auditorium.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The Selectmen at a special meeting held last Monday night, voted to insert an article in the town meeting warrant to appropriate funds to be used toward controlling dogs. The part-time people being used is not effective as it is very difficult to reach them when they are needed. Also we need someone who wants to do the job and can be around at any hour. The regular duty hours for the police is during the night, therefore they do not come in contact with the problem to the extent they would if they were on duty during the day. They handle many complaints but their impact on enforcement of the dog ordinance is minimal.

We have received unofficial notice our school costs will be approximately the same in 1973. With the Revenue Sharing Funds available we should be able to expect the same tax rate this year.

S. A. D. 44 SELF-EVALUATION STEERING COMMITTEE HOLDS SECOND MEETING

The second meeting of the M. S. A. D. 44 self-evaluation steering committee met in the conference room at Telstar on Monday, Jan. 15.

It was decided by the committee to assess the following areas in the elementary schools (kindergarten through grade 6): curriculum and instruction, guidance services, social studies, health, physical education, safety, administration - supervision - organization, buildings and grounds, art, music, instructional materials center, language arts, personnel, in-service education, mathematics, science and educational philosophy. Since there is no present instruction in the areas of foreign languages, home economics, and industrial arts, it was decided to pass over those items. However, comments concerning these subjects will be greatly appreciated.

A schedule of the building meetings has been drawn up, which will include three teacher workshop days and three released time days. Upon final approval, this schedule will be published to inform parents of the days when students will not attend classes or be released earlier than their regular time.

It was also decided that two community members will meet with each building faculty. These people will be chosen and contacted by the building representative, with the advice and assistance of the various faculties. The community members will then form community committees to further expand the scope of the self-evaluation process. Information concerning community involvement in the self-evaluation will be distributed at a later date. The steering committee will meet again on Monday, Jan. 29.

Mr. and Mrs. David N. Myers, Saga Food Service, have been transferred to Connecticut.

S. A. D. 44 BOARD HOLDS REGULAR SESSION AT TELSTAR

The S. A. D. 44 board of directors held a regular meeting at Telstar Regional High School on Monday evening of this week.

The board adopted a salary agreement with the M. S. A. D. 44 Administrators Association that encompasses the 1973-74 school year. Also approved was a payment schedule for clerks in the district effective July 1, 1973.

The board received an invitation to attend the Nurses Aide graduation exercises to be held at the Telstar cafeteria on Monday, Jan. 22. These aides received their training at Rumford Community Hospital under the Co-Operative Education Program.

The directors tentatively approved the instruction portion of the fiscal year 1974 budget (salaries of principals, assistant principal, teachers, librarian, guidance, clerks, aides; professional credit, text books, library and audio visual; teaching supplies). Also approved tentatively were budget requests for operation of plant.

Still awaiting tentative board approval are transportation, maintenance and capital outlay expenditures.

A letter from Carroll R. McGary, commissioner, Department of Educational Services, was distributed stating that "Any District which appropriates money shall assess the municipalities for the amount appropriated on the basis of the cost-sharing formula that was in effect at the time the appropriation was approved by the voters." This means that the final one-third of the 18 month net budget approved in February of 1972 will be assessed to the district member towns in the first six months of 1973 at the ratio in effect during 1972.

A special meeting of the S. A. D. 44 board will be held at Telstar Regional High School at 7:30 Monday evening, Jan. 22.

On Wednesday, Jan. 10, members of the Telstar chapter of the National Honor Society, attended a Regional meeting, held at Mexico High School. Those from Telstar attending were: Belinda Briggs, Michael Davis, Gayle Packard, Ross Swain, and Mrs. Madeleine Gibbs chapter advisor.

YORK REMAINS CRITICAL AS RESULT OF TRAIN/CAR LAST THURSDAY AFTERNOON

A 20-year-old Bethel man remains in critical condition from injuries received when his station wagon was demolished in a head-on collision with a train at the Ferry Road Crossing in West Bethel last Thursday afternoon, Jan. 11.

Taken to the Rumford Community Hospital by ambulance, Irving York of Mechanic Street reportedly suffers from multiple injuries to his head, legs and arms as well as internal injuries.

According to the investigating officer, Mr. York, in his 1972 station wagon, was attempting to go across the crossing on the Ferry Road headed in the southerly direction and collided head-on with the diesel engine of a 100 car plus train.

He had reportedly just left his place of employment at Newton-Tebbets Inc. The railroad crossing does not have flashing red lights but does have a railroad crossing sign and stop sign several feet before the crossing.

The vehicle had an estimated \$3,200 in damage with \$300 in damages to the train.

Investigating the 4:05 p.m. accident was State Trooper Gerald J. Smith of West Bethel, assisted by Bethel Police Chief Robert Stearns. Also at the scene was a bulldozer from Newton-Tebbets Inc., operated by Roy Newton along with several employees who helped clear snow.

SOCIAL SECURITY PAYMENTS TO WIDOWS AND DEPENDENT WIDOWERS TO INCREASE

Social Security retirement payments to many aged widows and dependent widowers will be increased in 1973, according to John M. Beale, Social Security District Manager in Lewiston.

Up to now, a widow's retirement benefit could be no more than 82½% of the amount her husband would have received at age 65.

"But under new social security legislation, a widow who started getting benefits at 65 or later can get the same benefit that her husband would have received at 65," Beale said, unless he had started to draw his own retirement before he became 65. In that case, she could get no more than he himself would be receiving if still living. If she first started getting checks before 65, the benefit will be less than the full amount of her husband's benefit but not less than she was getting before.

For example, a widow who started getting benefits at age 62 will now get 82.9% of her husband's benefit amount, instead of the 82.5% she receives under present law.

The new law will also apply to benefits paid to dependent widowers. In addition, dependent widowers will be able to get reduced benefits at age 60, as widows can now, instead of waiting until they're 62 to start getting checks.

In Maine, about 18,000 widows and dependent widowers draw social security benefits because they are 60 or more years of age. Probably more than half of this number will get higher payments under the new law. The increase will first appear in checks delivered in early February.

NEW VOTERS MUST REGISTER BY FEB. 9 TO BE ELIGIBLE FOR S. A. D. 44 MEETING, FEB. 20

According to applicable Maine Statutes, registrars of voters in the towns of S. A. D. 44 (Andover, Bethel, Greenwood, Newry and Woodstock) must provide an opportunity for new voters to register on Feb. 5, 6, 7, 8, and 9 from 1 to 5 p.m. and 7 to 9 p.m., to be eligible to vote at the annual district budget meeting on Tuesday, Feb. 20.

Registrars can not accept registrations on the day of the meeting or on the five business days immediately next prior to it.

Mrs. Margaret Record was guest of honor at a baby shower on Wednesday, hosted by the teachers at Bethel School.

SWAN'S CORNER SUNDAY RIVER

— Mrs. Eva H. Yates, Corres. —

The biggest news I can think of is—we have had over a week of sunshine! Cold? Yes—but the sun shone. Hooray!!!

The Yates went gadding about Thursday P. M. Visited the H. C. Coles in Woodstock. Not too old a couple but the Mrs. is in a wheelchair and if he has to, he can manage to get into the shed and back (in time) but they hire some one to bring in their mail. Yet they prefer to be by themselves. That takes pure spunk!

Lots of skiers up the river over the week end, Saturday and Sunday our road sure looks like a thru-way.

Visitors at the Yates this week have been: Gary Yates, Mrs. Viva Whitman and friend, Leon—Wendall and Wynona, Mr. and Mrs. Rodney Adams and two children had dinner with her parents Sunday.

After reading Mrs. R. R. Tibbets piece in the paper I wonder "what did ever become of Bethel's Dog Ordinance?"

I have a dog but I want her for

SOUTH WOODSTOCK

— Mrs. Olive Davis, Corres. —

Snow travelers are enjoying snow rides around here lately. Taisto Koskela has them to rent and travel on his snow trails at his home beyond Hendrickson's Hill. He has a new sign to that effect at the South Woodstock four corners. This is a chance to still have fun if you don't own a machine of your own.

Mrs. Mary Billings and son, Paul, called on Mr. and Mrs. Ellis Davis

my dog so I have to keep her hitched so the neighbors dogs can run. Which I don't appreciate and especially when they wake you up in the middle of the night howling close by. Go into town and there are more or less dogs on the loose. So what did become of the Dog Ordinance? And the one that left the pups on the dump to freeze and starve. Well here is hoping he may have to go hungry some day and God willing may all his dreams be filled with poor cold hungry pups!

Weather is too cold for news but spring is just around the corner. Cheer up.

Wednesday afternoon. Also Mr. and Mrs. Leslie Bryant spent the evening with them on Thursday.

Mr. and Mrs. Karl Thompson, Belfast, and John Rehde, Rochester, N. H., spent the long Christmas week end with their daughter and sister and family, Mr. and Mrs. Nicholas Clements and boys.

Eric Clements missed the whole week of school because of a bad cold.

Mr. and Mrs. Ellis Davis visited with Mr. and Mrs. Leslie Bryant at Bryant Pond Saturday afternoon and evening. They partook of a baked bean supper with them interrupting some good games of "63" in order to eat. At least the boys thought they were good games, but have dubbed them wasted time except for the fact it made some one happy, the two boys.

Fred Judkins and his housekeeper, Mrs. Pederson, called at Ellis Davis Sunday. He was collecting snapshots of the correspondents for his album that he mentioned a couple of weeks ago. We will hear more about this I'm sure in other's items as after taking Olive Davis' picture he was off to Buckfield he said

and other places. It will be interesting to see when he gets them all compiled.

After the cold week people are getting the urge to go to Florida. More about that later.

The Andrews mill pond benefitted by the bad wind storm, as it was blown clear of snow except for spots which have given the neighborhood an excellent place to skate. Many are taking advantage of this and are enjoying it until another storm covers it again.

HISTORICAL SOCIETY

continued from Page One
He reminded members that in view of the extensive restoration, and the house being registered as a National Landmark, visitors will come from many places, to tour it, and many visitors will be knowledgeable on how restoration should be done, and furnishings completed, and will quickly detect inaccuracies, which would not be good publicity for the museum in attracting visitors.

He suggested methods of handling gifts, and forms to use in accepting which would not bind the Society to continuous use, or display, or always in one place or grouping. Flexibility, and rearrangements of possessions would make the place more interesting to visitors and encourage revisiting.

Use of the museum when completed, to familiarize young people with how people lived in the period approximately 1800 to 1870, was discussed. The idea of using the kitchen to prepare foods as done then, was one of many helpful suggestions appreciated by the members. He hoped that a typical Maine herb garden would be planted, and commented that other Maine Museum operators have found raising herbs, their bottling and sale, is a profitable project.

The members participated in some discussion after this valuable talk, and Mr. Peladeau will return to Bethel often. It is hoped, to aid the Society in this important future undertaking.

It was announced that at the February meeting, John Daniels of the Maine State Museum Public Relations staff, will talk, especially about starting a Junior Historical Society, members of which could help in research, recording oral history by community Senior Citizens, etc.

Mrs. Kathy Newell, is working with community young people now in interesting them in meeting attendance.

Mrs. Gwendolyn Holt, treasurer, presented the Society with a very interesting old account book, which listed purchases, and prices paid by residents for such things as boots, in the early 1800's—some purchases presumed to be those of Dr. Moses Mason, were noted. Stephen Seames of Locke Mills, presented two small and interesting books found when going over the church library at Locke Mills, and typical of the mid 1800's period. Such gifts will be placed in the Museum Library.

Will people who have anything they would like considered as a gift toward furnishing this house, kindly contact Mrs. Carter, 836-2343, as soon as possible.
